Notes:

- Optional - HPL doors can optionally be fitted with a glass section.
 - ◆ Be aware that the tape(13) is visible through the glass.
 - FF Full Flush. The glass panels extend to the edge of the door profile.
- 1 Rabbet | Number of rabbets, 1=single, 2=double. The seals are part of the door frame.
 - 2 Dropseal | Amount of optional dropseals
 - 3 Smoke Cert. | Door is tested and certified for use in smoke protecting walls.
 - 4 Sound insulation | The reduction of sound is depending on many factors like the type of glass, amount of seals and the choice to place a dropseals or not. Single doors perform a lot better than sliding doors.
 - 5 Dimensions A | The maximum door height depends on the width. Higher doors are available under special condition. Please contact QbiQ Sales department.
 - 6 Dimensions B | Default max door width. Maximum door width depends on the height. Wider doors are available under special condition. Please contact QbiQ Sales department.
 - 7 Dimension C | Profile thickness insight.
 - 8 Dimension D | Door thickness.
 - 9 Dimension E | Height of the lower profile if different from top and side profiles.
 - 10 Door closer Built-in | Depending on the door and door frame combination. Please contact Qbiq sales department.
 - 11 Hinges Amount | Default amount of hinges is 3. For doors higher than 2700 mm or wider than 1025 mm 4 hinges are required.
 - 12 All default RAL colors | Different colors are possible. Please contact QbiQ Sales department.
 - 13 Tape, 3 Colors | The glass tape is visible through the glass. Tape is available in Black, White and Gray.
